60 Years of the 911 Targa

Open-minded. Uniquely crafted. Since 1965, the Targa carved its own path in the history of the 911. A story of freedom and a bold approach to design. It's neither a coupe nor a convertible. It's an attitude shaped into form. The roll bar – a statement. The roof – removable. The line – one-of-a-kind.

With its iconic design, the Targa connects the past and present – proves that true innovation is timeless. The current 911 Targa GTS carries our legacy forward, featuring the T-Hybrid system with an electric exhaust turbocharger that seamlessly combines the latest propulsion technology with the classic Targa DNA: powerful, efficient, and unmistakable. The 911 Targa remains a symbol of style and engineering excellence. A classic that continually reinvents itself.
