Porsche 917/30 Spyder

17/10/2026 Cars

Called “one of the strongest racing cars of all time”, this advanced 12-cylinder vehicle dominates circuit races. With Mark Donohue at the wheel, it beats out McLaren with a long lead for the second time in the CanAm Series. It's the first time that turbochar ging has prevailed on a race course with so many curves. Fed up with the dominance of Porsche, the Americans change the racing regulations, which results in the exclusion of the 917.

Specifiactions

Model Year	1973
Engine	12-Cyl. 180° V Turbo
Displacement	5374 ccm
Power Output	882 kW (1200 HP)
